

Community Support – Delegations

Pursuant to its powers under section 16(1) of the *Outback Areas Community Development Trust Act, 1978* the Trust has delegated to its Manager authority to approve subsidy assistance applications up to a value of \$2 000 where there is a high degree of urgency. All delegated decisions are reported to the Trust for noting.

The Trust can revoke this delegation at any time and the delegation does not prevent the Trust itself making decisions on applications that fall within this upper subsidy limit.
